TWO GOOD PERENNIALS

GALIUM VERUM

Galium is a good item for Florists. The dainty sprays of yellow flowers make a fine filler for decorative work.

\$25.00 per 100

LAVENDER MIST

(Thalictrum rochambrunianum)

This variety is unexcelled for cut flower work. The mist-like lavender sprays are most desirable.

\$25.00 per 100

APPLES—TRANSPLANTED TREES

We have a good assortment of Transplanted, well headed trees 5 to 8 years old in good assortment of varieties, calipering from 1 inch to 3½ inches. Owner will dig to order. Customer will have to call for these trees. Write for prices.

WATER LILIES

Strong 2-year clumps. Not small divisions

Large, fully double, cluster-flowered, pure golden yellow. Outstanding new yellow blooms on long individual stems. Blooms about September 20th. Excellent cut flower.		

HARDY CHRYSANTHEMUMS

Except in the most Northern part of our territory, we wish to call to your attention the value of HARDY CHRYSANTHEMUMS. The earlier and more dwarf varieties give an abundance of flowers of a good color range. These are followed by the vivid colorings of the Korean Hybrids originated by Bristol Nurseries. These superb varieties will flower from September 1st to October 20th, depending upon variety. When flowers are scarce these Mums brighten up the garden as nothing else can brighten it at that time of year. In the colder area and in sections exposed to frost these plants will often start blooming after having been frosted. All in all, there is nothing to equal the Bristol Koreans for Fall flowers. To the Florist, even in areas where early frosts occur, we unhesitatingly recommend Korean Mums as a plant to be grown in frames and sash-houses. This type of Mum as a late Fall cut flower is enthusiastically welcomed by the buying public as it is impossible to duplicate the Korean colors in the greenhouse varieties. We have Florist customers who find these Koreans a welcome addition to their list of Mums. Remember that all Koreans are not Bristol's. Ask for the varieties originated by Bristol Nurseries. There is a reason.

Later on in the season we will mail you Bristol Nurseries' list of Chrysanthemum introductions for 1948 shipment, a list which will contain some very interesting new varieties.

ROSES

We will have a good assortment of **Hybrid Tea, Climbing, and Polyantha Roses** for shipment from reliable growers. Our Rose shipments have always given satisfaction and this coming season the quality will be exceptionally good. We can supply both **dormant rooted** and **wrapped Roses**. Will be glad to quote upon your requirements. We will have our usual supply of Potted Roses for shipment about May 15, 1948.

NOTICE

All agreements and contracts are subject to ability of shipper to obtain the necessary manpower to dig and pack material and to priorities on material and transportation which may limit, restrict or make impossible performance thereunder.

TO OUR CUSTOMERS

Our office will be open at all hours of the day and night during the busy shipping season to answer phone calls and receive telegrams. This, together with our very fine mail service in Wallingford, enables us to give you the quickest possible service in getting rush orders placed to our various shipping points.

HINSDALE LEAFMOLD

*This fine Leafmold is well recommended for Greenhouse, Lawn and Garden use. It is ideal as a soil conditioner, containing 93% organic matter. Acidity 4.7 to 5.7. Specially good for Azaleas, Rhododendrons, Laurel, Blueberries and Evergreens.

Less than 10 bag lots	at \$1.50 per bag
10 to 20 bag lots	at 1.25 per bag
20 to 100 bag lots	at 1.10 per bag
100 bags and over	at 1.00 per bag

F. O. B. Pittsfield, Mass.

Put up in strong bags.
